

iMobile allows a user to reprint a QAD EA invoice directly onto their mobile device. The invoice can be displayed as a PDF file and emailed or printed directly right from your cell phone.

The Invoice History functionality allows a user to search through open/closed invoices and see all details pertaining to the invoice.

The Price & Availability function allows a user to retrieve stock status and best pricing for any item defined in QAD EA. The information returned is real time stock and price quotes.
